RECOGNITION OF OUTSTANDING CONTRIBUTION

Dear Nicolas

The past few months have marked a critical phase for LUX-ZEPLIN, as construction moves to installation, and now more than ever the future success of the project depends entirely upon care and competence of the people involved. We are fortunate to have many excellent scientists in LZ, but even within this group your expertise, commitment and dedication stand out.

With this letter we would like to formally recognise and thank you for your outstanding service to the LUX-ZEPLIN collaboration, both in the UK and internationally.

Best regards

Professor Alexander Murphy

Professor Henrique Araújo
